

E

This diagram illustrates the layout of Kerkhofsstraat, showing the street's alignment and the arrangement of plots on both sides. The street runs horizontally across the middle of the image. The plots are numbered 1 through 32 along the street. On the left side of the street (plots 1-28), the plots are further subdivided into sections labeled 'a' through 'h'. On the right side (plots 1-32), the plots are subdivided into sections labeled 'a' through 'j'. A central vertical strip, labeled 'C' and 'D', represents the street's width and contains a narrow lane numbered 1 through 32. To the right of the street, there are several rectangular structures: 'F' and 'G' are light blue structures, 'H' and 'J' are larger light blue structures, and 'I' is a smaller structure labeled 'strooiweide' (straw field). The letters 'A' through 'H' are placed near various plots to indicate specific areas of interest. The overall layout is symmetrical around the central street.
